

Memorial Park Cemetery

Offers the Area's Largest Selection of Options for Permanent Urn Placement

Families who choose cremation should have just as many options as those who choose ground burial.

Some of the many choices available at Memorial Park Cemetery:

Interment on a family lot. Interment of cremated remains may be made on an existing family lot. In some cases, an interment can even be made on a space with a casket/vault interment already in place.

Interment in a cremation garden. Memorial Park offers special areas to accommodate cremated remains without the cost of a full size burial space.

Above ground entombment. You also have several options for above ground entombment including glass front niches and granite front niches. Niche space is available both indoors and in a garden setting.

Memorial cremation bench. Another popular option is the cremation bench. The bench serves as a monument, personal mausoleum and visitor's bench, all at an affordable price.

Memorial cremation boulder. A beautiful memorial boulder can help provide a peaceful and rustic tribute complimenting the natural surroundings in the cemetery.

Memorial Park Cemetery *Family Center*

Exclusively available to our lot holders, there is no place in Tulsa that is more convenient to have a gathering for food and fellowship after the memorial service.
